Bad Ragaz

Bad RagArtZ 2018

No, **Bad** must not bad at all.

This year, there is nothing bad with **BAD RAGAZ**.

This year, we have **BAD RAGARTZ! ENJOY INTERNATIONAL ART!**

Then - stylish - a pleasurable bath in the spa.

On to the triennial of the sculptures 2018!

With our **Cabrio-Elektro-Hotel-
Gespannenn** a two to four-day visit is ideal.

Starting at our base camp in Wittenbach, you will cycle via Sankt Gallen, Speicherschwendi, Trogen and the Ruppen Pass road to Altstätten. In Sennwald we load the electric convertible "BRUSA" (Neudorf 14) again "fast" on ...

Maybe we take a breather in the picturesque town of Werdenberg with its upstream lake and the proud castle above?

In Bad Ragaz, we explore at a "first inspection" part of the extensive sculpture park. Then we whiz via Maienfeld over the Sankt Luzisteig to Balzers, where we spend the night at "Rosali".

Again we whiz back over Sankt Luzisteig, discover with pleasure further parts of the sculpture park, and combine this with a walk through the Taminaschlucht (small sculptures in the old bath), etc., etc.
